

CFD Society of Canada Graduate Scholarship

VALUE: \$1,000

APPLICATION DEADLINE: May 1st of each year

FUNDING BY: CFD Society of Canada (<http://www.cfdsc.ca/>)

DESCRIPTION:

Budget permitting, the CFD Society of Canada will award one or more scholarships per year to successful applicant(s) conducting research work related to computational fluid dynamics. The field of study may involve the development of CFD techniques and/or the use of CFD techniques to solve a particular problem.

ELIGIBILITY REQUIREMENTS:

The applicant must be a full time student in a Masters or Ph.D. level graduate studies program at an accredited Canadian university. Additional eligibility requirements are included within the scholarship description.

Scholarship recipients are chosen by a selection committee of the CFD Society of Canada. The following criteria will be employed:

- Academic Achievement
- Research Project
- Letters of Recommendation

SUBMISSION GUIDELINES:

Applications for CFDSC scholarships are to be made by the student. In cases where a supervisor has several students, he/she may only recommend one student for the award. The application package should include the following:

- CFDSC Graduate Scholarship Application Form available online at: <http://www.cfdsc.ca/>.
- An official transcript of academic record and current GPA.
- Lists of scholarships and publications
- Description of research
- A letter of recommendation from the student's primary supervisor and one other letter of recommendation from an educator or employer.

SEND SUBMISSIONS TO:

CFDSC Graduate Scholarship
P.O. Box 4871, Station E
Ottawa, Ontario
K1S 5J1

CFD Society of Canada Graduate Scholarship Application Form

Application Instructions:

- Applications and all supporting documents must be typed or clearly written, with all pages identified with applicant's name.
- Make sure you have signed the declaration on the 2nd page of this application. The application will not be processed without a signature.
- Ensure that you meet all eligibility criteria and include all required information.
- Application Deadline: May 1st of each year. Notification of Award: September 1st of each year.

CFD Society of Canada Graduate Scholarship Application Form

DESCRIPTION: Budget permitting, the CFD Society of Canada (CFDSC) will award one or more \$1,000 scholarships per year to successful applicant(s) conducting work related to computational fluid dynamics. The field of study may involve the development of CFD techniques and/or the use of CFD techniques to solve a particular problem. Information about the CFDSC can be found at the website: <http://www.cfdsc.ca/>

CFDSC Graduate Scholarship
P.O. Box 4871, Station E
Ottawa, Ontario
K1S 5J1

ELIGIBILITY REQUIREMENTS: The applicant must be a full time student in a thesis-based Masters or Ph.D. level graduate studies program at an accredited Canadian university. Applications for CFDSC scholarships are to be made by the student. In cases where a primary supervisor has several students, he/she may only nominate one student for the award.

ACADEMIC HISTORY: List ALL post-secondary institutions you have attended whether or not you received a degree from those institutions. It is your responsibility to ensure that official, up-to-date transcripts from all post-secondary institutions you have attended are sent to the CFDSC. Up-to-date transcripts from the institution in which you are currently enrolled must also be sent, whether or not you are registered in courses.

PROPOSED DEGREE: Indicate the degree program in which you will be registered during the twelve months following the May 1st scholarship application deadline.

SCHOLARSHIPS AND AWARDS HELD/APPLIED FOR: Applicants must include the name and value of any scholarships previously held and/or applied for concurrently with this application.

REFERENCE LETTERS: Two reference letters are required for the scholarship application. Ensure that the top section of the reference letter, indicating your name, the graduate program, and the degree applied for and area of specialization has been filled in. One of the referees must be your Primary Supervisor. Each referee should forward the completed reference letter to the CFDSC address indicated above. Only two letters are required for this scholarship application; additional letters will not be accepted.

PUBLICATIONS: Attach a list of publications. Do not include the publications or any other documentation; additional documentation will not be accepted.

RESEARCH PROPOSAL: Attach a one-page statement describing your research. Describe your area of research including the rationale, objectives and methodology with particular reference to how they relate to computational fluid dynamics. If you have course work to complete show how your courses relate to your objectives. If you have been working on this project, please comment on the progress you have made. If you are at the doctoral research stage, explain how the research makes an original contribution to knowledge. If your background is not academic, submit an additional page outlining life achievements, which may be considered as equivalent to academic experience. These forms will be adjudicated by academics from a wide variety of disciplines and therefore the description of your research should be intelligible to non-specialists as well as to specialists. The statement may not exceed one side of a 8.5 x 11 sheet of paper, must be single-spaced with three-quarter inch margins and the type size must be no smaller than 12 point.

DECLARATION:

By signing this application, I declare:

1. That I have answered all questions applicable to me and that all information is true and complete
2. That I will notify the CFDSC if I withdraw from full-time status, or otherwise change my student status
3. That the CFDSC may request additional information pertaining specifically to my academic performance and enrolment status for the purpose of determining my eligibility for this scholarships
4. That in applying for an award, pertinent information may be released to the appropriate university administrative offices
5. That if I receive an award, my name, university, and degree information may be posted on the CFDSC website and/or distributed in a newsletter/bulletin to the CFDSC membership
